

Cycle to Thora Vingård

There are many ways to reach Thora, but this is a favourite. A beautiful route along small roads with little traffic, taking around half an hour at a leisurely pace.

WAY THERE: Cycle into the harbour, follow the beach, pass the campsite and continue through the golf course. Then continue north for a while before the road turns 90 degrees to the right and becomes Plantahagsvägen. This is followed by a long uphill stretch with a gentle incline. Just before the main road (115), continue straight ahead. The road then turns sharply left and becomes a gravel road winding between farms and houses. It leads onto Kärregårdsvägen, which you follow all the way to Thora.

WAY BACK: Cycle back to Ängalag and turn right onto 115. Continue for a short distance before turning left onto Varans byaväg. Follow it to a four-way junction. There are now two options:

1. Continue along Varans byaväg until it meets Päärpsvägen, which you follow for a short distance. Then turn left onto Nolatovägen. When the road ends, turn left onto Eneborgsvägen and then right onto Själaviksvägen.
2. Turn right down Andersagårds väg. Turn left when it meets Rotalyckevägen, then take the first right onto Hanneborgsvägen. After passing Varegården, turn left onto Varegårdsvägen. Continue until it meets Slättarödsvägen. Turn right and then immediately left onto Eneborgsvägen. Then turn right onto Själaviksvägen.

Have a great ride!
